

THE FINANCIAL FREEDOM ALGORITHM

Important things that will help along the way:

- 1 Health & Time are number 1, always take care of yourself first. There is no point having all the wealth in the world if you don't have good health to enjoy the time that you have.
- 2 The only asset more important than money itself is your time
- 3 Lifelong commitment to education. Keep an open mind and understand all sides before you make your decision
- 4 Vision board or visual that you see everyday to remind you of your goals
- 5 Reserving time every day to reach your goals
- 6 Maintain focus and consistency
- 7 Balance between research and taking action
- 8 Mistakes are inevitable. Learn from it and move on
- 9 Always keep your family and friends in mind. Reserve time.
- 10 Give back to society. Maintain perspective and never forget where you came from.

Time is our most important asset.
Save someone's time by sharing this to them.

Business	Invest in your own business (or a job) You love, you are good at, pays you well, and provides value to others
Growth stocks	Research investments that are undervalued & Have strong fundamentals
Cryptocurrency	Assymetric returns and inflation hedge Decentralized & immutable
Dividend stocks	Provides cashflow to pay for your lifestyle
Real Estate	Provides strong monthly cashflow to pay for your lifestyle
Precious Metals	Gold for wealth preservation & inflation hedge
Cash	Always have cash reserves strictly for investments to take advantage of market opportunities

- 1 Always do your own research. There will always be risk on anything, but knowledge mitigates risk
- 2 Your knowledge will also make you less emotionally prone to the market swings
- 3 Diversification's purpose is to PRESERVE wealth but concentration BUILDS wealth
Your Time Machine will solidify your Foundation faster, but you need to find the balance between the two as you grow your wealth.
